

Alyssa Does It Again

June 2, 2001

By Ralph Hall

Back in December of last year, Alyssa Braley and her mother approached me with about 10 pounds of soda can pull-tabs. Her mother was puzzled on just what to do with them. It so happened the Shriners knew just what to do with them. They are sold as scrap and the proceeds go to a Wish List for the Children's Fund. Anything a child wants or needs while in a Shrine Hospital they get with no questions asked.

While talking with Alyssa, she said she was going back to her school for help. Sure enough she did it again. Three Shriners were invited to her school assembly to explain just what is done with the tabs and our other programs. Before we knew it, Alyssa had presented us with another 20 pounds of tabs to add to the 10,733 pounds we have already collected. With Alyssa's drive and the help of her schoolmates, our pull-tab program will progress much faster.

We Shriners are very proud of Alyssa and we're sure that she will go a long way in any endeavor she takes on in the future.
