

Club Cooperation

September 13, 2001

By Ralph Hall

The Shrine Club of Southeastern Massachusetts would like to thank the Moose Lodge # 914 located in New Bedford for their help in our soda can pull-tab project. Our Shrine Club has collected 12,500 pounds of tabs that are sold and the proceeds go to a Children's Wish List Fund. Anything a child needs or wants while they are in a Shrine Hospital they get it with no questions asked. We have many people saving tabs

and we are very grateful for that.

The Moose Lodge has done an incredible job collecting hundreds of pounds that are given to the Shriners. Individual clubs do a lot of good for the community by combining their efforts. When it comes to treating children for orthopedics or burns we Shriners stand ready to help any child with no cost to the parents. The Moose Lodge is also interested in the well-being of children. Together with them and the help of other service clubs we can accomplish a lot for the community.
